Add question prepends  
new question  
With two choices

Finished survey submits  
everything a  
Once

Once finish survey is  
selected user is  
redirected to home page  
Maybe with “thank you  
message and have a nice  
day with rainbows and  
sunshine”

## Step 2

The screenshot shows a web form titled "Create a Survey". At the top, there are three navigation buttons: "Home", "Create a Survey", and "Logout". Below these, there are two buttons: "Add Question" on the left and "Finish Survey" on the right. The main form area contains a "Title" label followed by a text input field. Below the title field, there are three rows of labels and input fields: "Question 1:" followed by a text input field, "Choice 1:" followed by a text input field, and "Choice 2:" followed by a text input field. To the right of these input fields, there is a button labeled "Add Choice".
